

Say Hi with Hieroglyphics...

(Curriculum Topic: History KS2 The Ancient Egyptians)

Learn to speak pharaoh and tell the other pharaohs what you are up to, before building your very own pyramid. Children will discover all about the ancient Egyptians, pharaohs and the culture and religion of the time. This day involves maths and DT as children create real mud bricks and build their very own miniature pyramid. To finish the day they create reed boats to help their pharaoh pass from life to death. What will you take with you to the afterworld?

During the day we will:

- Learn simple hieroglyphics and leave messages
- Calculate how to build a pyramid
- Learn about a pharaoh's journey to the afterworld
- Build our very own pyramid
- Make a reed boat to transport our pharaoh to the afterworld

At the end of the day children will:

- Understand the importance of the pharaohs
- Mathematically work out the mysteries of the pyramids
- Discover the culture and religion of the ancient Egyptians
- Understand the importance of archeology

Grow will supply all materials. Please inform us of your school ground facilities when booking this day.

Fee £220

(This topic is also offered in more detail as a term long project. Please contact us for more details and reduced rates)
